

Additional Duneland Soccer Club (DSC) Registration Information

LATE REGISTRATIONS

We will accept registrations after the deadline (with the \$25 late fee) but cannot guarantee that your child will be placed on a team. Placement will depend upon the numbers within each age group. Sometimes we need more players to fill a team, and sometimes our numbers are such that we have to tell someone who signed up on time that they cannot play. This can happen when we have enough players to fill one or more team rosters with some left over and there are not enough to form another team, or when we don't have enough coaches. In this case, players with the least seniority in the club and those who do not live within the Duneland school system boundaries will be bumped. We always try to give as many players as possible the chance to play, but sometimes the numbers are such that it cannot be worked out.

ROSTER ASSIGNMENTS

Each season the DSC Board develops team rosters taking into account several factors. First, the number of players registered at each age/grade level determines the number of teams we can form and the number of players we can put on each team. Placement on specific teams is impacted by variables including a player's age/grade level, previous coach/team, skill level, and seniority in the club.

The league we play in has several divisions in each age group to allow for players/teams of different skill levels to achieve success. We do not conduct formal player evaluations; however we do consider a coach's recommendation that a particular player be moved up or down (within their age group) based on the player's ability to compete in a particular division.

For the reasons described above as well as to accommodate new players who sign up, it is often necessary to move players between teams from one season to the next.

REQUESTS – No Guarantees here!

If you have a specific request, you can make it known to the DSC Board however we cannot promise that we will be able to honor your request. Each season we have more than 20 travel teams and 225 players so we try to make decisions that are as fair as possible to all of the players and families in the club. If you are making a request, please rank the following criteria 1, 2 and 3 as to which is most important.

The Below Options WILL NOT be used to allow your child to “Play-Up” an Age Group.

_____ Play for a specific coach – Name of coach _____

_____ Play with a friend – Name of friend _____

_____ Play at appropriate skill level – My child's soccer ability for his/her age group is:
 Advanced Typical Developing

PROFESSIONAL TRAINERS

Several of our coaches have soccer coaching licenses. Other coaches seek to enhance player skill development by hiring professional trainers to work with their teams at 1-2 practices per week. This cost is shared among those players on the team who desire professional training and can run from \$50-\$100 per player for the season. This training is optional. Players are NOT required to pay for additional training to be part of a Duneland Soccer Club team.

If you would prefer your child be placed on a team that does NOT use a paid trainer, please check:
